

**MATERIAL SAFETY DATA SHEET****Product Trade Name:** SOURSCAV®**Revision Date:** 03-Jan-2012**1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING****Statement of Hazardous Nature** Non-Hazardous according to the criteria of NOHSC, Non-Dangerous Goods according to the criteria of ADG.

**Manufacturer/Supplier** Halliburton Australia Pty. Ltd.  
15 Marriott Road  
Jandakot  
WA 6164  
Australia

ACN Number: 009 000 775  
Telephone Number: 61 (08) 9455 8300  
Fax Number: 61 (08) 9455 5300

**Product Emergency Telephone**

Australia: 08-64244950  
Papua New Guinea: 05 1 281 575 5000  
NewZealand: 06-7559274

**Fire, Police & Ambulance - Emergency Telephone**

Australia: 000  
Papua New Guinea: 000  
New Zealand: 111

**Identification of Substances or Preparation**

**Product Trade Name:** SOURSCAV®  
**Synonyms:** None  
**Chemical Family:** Organometal  
**UN Number:** None  
**Dangerous Goods Class:** None  
**Subsidiary Risk:** None  
**Hazchem Code:** None Allocated  
**Poisons Schedule:** None Allocated  
**Application:** Hydrogen Sulfide Scavenger

**Prepared By** Chemical Compliance  
Telephone: 1-580-251-4335  
e-mail: fdunexchem@halliburton.com

**2. COMPOSITION/INFORMATION ON INGREDIENTS**

| Substances     | CAS Number | PERCENT   | Australia<br>NOHSC  | New Zealand<br>WES       | ACGIH TLV-TWA            |
|----------------|------------|-----------|---------------------|--------------------------|--------------------------|
| Iron gluconate | 299-29-6   | 60 - 100% | 1 mg/m <sup>3</sup> | TWA: 1 mg/m <sup>3</sup> | TWA: 1 mg/m <sup>3</sup> |

### 3. HAZARDS IDENTIFICATION

|                            |                                                                               |
|----------------------------|-------------------------------------------------------------------------------|
| <b>Hazard Overview</b>     | May cause eye, skin, and respiratory irritation. May be harmful if swallowed. |
| <b>Risk Phrases</b>        | None                                                                          |
| <b>HSNO Classification</b> | Not Determined                                                                |

### 4. FIRST AID MEASURES

|                           |                                                                                                                                                            |
|---------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inhalation</b>         | If inhaled, remove from area to fresh air. Get medical attention if respiratory irritation develops or if breathing becomes difficult.                     |
| <b>Skin</b>               | Wash with soap and water. Get medical attention if irritation persists.                                                                                    |
| <b>Eyes</b>               | In case of contact, immediately flush eyes with plenty of water for at least 15 minutes and get medical attention if irritation persists.                  |
| <b>Ingestion</b>          | Do not induce vomiting. Slowly dilute with 1-2 glasses of water or milk and seek medical attention. Never give anything by mouth to an unconscious person. |
| <b>Notes to Physician</b> | Not Applicable                                                                                                                                             |

### 5. FIRE FIGHTING MEASURES

|                                                                      |                                                                                                                |
|----------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>                                  | Water fog, carbon dioxide, foam, dry chemical.                                                                 |
| <b>Extinguishing media which must not be used for safety reasons</b> | None known.                                                                                                    |
| <b>Special Exposure Hazards</b>                                      | Decomposition in fire may produce toxic gases.                                                                 |
| <b>Special Protective Equipment for Fire-Fighters</b>                | Full protective clothing and approved self-contained breathing apparatus required for fire fighting personnel. |

### 6. ACCIDENTAL RELEASE MEASURES

|                                             |                                       |
|---------------------------------------------|---------------------------------------|
| <b>Personal Precautionary Measures</b>      | Use appropriate protective equipment. |
| <b>Environmental Precautionary Measures</b> | None known.                           |
| <b>Procedure for Cleaning / Absorption</b>  | Scoop up and remove.                  |

### 7. HANDLING AND STORAGE

|                             |                                                                                                                                                                                                 |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Handling Precautions</b> | Avoid creating or inhaling dust.                                                                                                                                                                |
| <b>Storage Information</b>  | Store away from acids. Store away from oxidizers. Store in a cool, dry location. Keep container closed when not in use. Store away from direct sunlight. Product has a shelf life of 36 months. |

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

|                        |                                                                                                                                                    |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Engineering Controls   | A well ventilated area to control dust levels.                                                                                                     |
| Respiratory Protection | Not normally needed. But if significant exposures are possible then the following respirator is recommended:<br>Dust/mist respirator. (N95, P2/P3) |
| Hand Protection        | Normal work gloves.                                                                                                                                |
| Skin Protection        | Normal work coveralls.                                                                                                                             |
| Eye Protection         | Wear safety glasses or goggles to protect against exposure.                                                                                        |
| Other Precautions      | None known.                                                                                                                                        |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                                         |                    |
|---------------------------------------------------------|--------------------|
| Physical State:                                         | Solid              |
| Color:                                                  | Light yellow-green |
| Odor:                                                   | Mild burnt sugar   |
| pH:                                                     | 4-5.5              |
| Specific Gravity @ 20 C (Water=1):                      | Not Determined     |
| Density @ 20 C (kg/l):                                  | Not Determined     |
| Bulk Density @ 20 C (kg/m <sup>3</sup> ):               | 650-850            |
| Boiling Point/Range (C):                                | Not Determined     |
| Freezing Point/Range (C):                               | Not Determined     |
| Pour Point/Range (C):                                   | Not Determined     |
| Flash Point/Range (C):                                  | Not Determined     |
| Flash Point Method:                                     | Not Determined     |
| Autoignition Temperature (C):                           | Not Determined     |
| Flammability Limits in Air - Lower (g/m <sup>3</sup> ): | Not Determined     |
| Flammability Limits in Air - Lower (%):                 | Not Determined     |
| Flammability Limits in Air - Upper (g/m <sup>3</sup> ): | Not Determined     |
| Flammability Limits in Air - Upper (%):                 | Not Determined     |
| Vapor Pressure @ 20 C (mmHg):                           | Not Determined     |
| Vapor Density (Air=1):                                  | Not Determined     |
| Percent Volatiles:                                      | Not Determined     |
| Evaporation Rate (Butyl Acetate=1):                     | Not Determined     |
| Solubility in Water (g/100ml):                          | Soluble            |
| Solubility in Solvents (g/100ml):                       | Not Determined     |
| VOCs (g/l):                                             | Not Determined     |
| Viscosity, Dynamic @ 20 C (centipoise):                 | Not Determined     |
| Viscosity, Kinematic @ 20 C (centistokes):              | Not Determined     |
| Partition Coefficient/n-Octanol/Water:                  | Not Determined     |
| Molecular Weight (g/mole):                              | Not Determined     |
| Decomposition Temperature (C):                          | Not Determined     |

## 10. STABILITY AND REACTIVITY

|                                      |                                                   |
|--------------------------------------|---------------------------------------------------|
| Stability Data:                      | Stable                                            |
| Hazardous Polymerization:            | Will Not Occur                                    |
| Conditions to Avoid                  | None known.                                       |
| Incompatibility (Materials to Avoid) | Strong oxidizers. Strong acids.                   |
| Hazardous Decomposition Products     | Carbon monoxide and carbon dioxide. Metal oxides. |

**11. TOXICOLOGICAL INFORMATION**

**Principle Route of Exposure** Eye or skin contact, inhalation.

**Symptoms related to exposure**

**Inhalation** May cause respiratory irritation.

**Skin Contact** May cause skin irritation.

**Eye Contact** May cause eye irritation.

**Ingestion** May cause abdominal pain, vomiting, nausea, and diarrhea.

**Aggravated Medical Conditions** None known.

**Chronic Effects/Carcinogenicity** Prolonged, excessive exposure to dust may cause pneumoconiosis, a lung disease caused by inhaling dust particles less than 0.5 micrometers into the lungs.

**Other Information** None known.

**Toxicity Tests**

**Oral Toxicity:** LD50: 2237 mg/kg (Rat)

**Dermal Toxicity:** Not determined

**Inhalation Toxicity:** Not determined

**Primary Irritation Effect:** Not determined

**Carcinogenicity** Not determined

**Genotoxicity:** Not determined

**Reproductive /  
Developmental Toxicity:** Not determined

**12. ECOLOGICAL INFORMATION**

**Mobility (Water/Soil/Air)** Not determined

**Persistence/Degradability** Not determined

**Bio-accumulation** Not determined

**Ecotoxicological Information**

**Acute Fish Toxicity:** Not determined

**Acute Crustaceans Toxicity:** Not determined

**Acute Algae Toxicity:** Not determined

**Chemical Fate Information** Not determined

**Other Information** Not applicable

### 13. DISPOSAL CONSIDERATIONS

|                               |                                                                                 |
|-------------------------------|---------------------------------------------------------------------------------|
| <b>Disposal Method</b>        | Bury in a licensed landfill according to federal, state, and local regulations. |
| <b>Contaminated Packaging</b> | Follow all applicable national or local regulations.                            |

### 14. TRANSPORT INFORMATION

#### Land Transportation

**ADR**  
Not restricted

#### Air Transportation

**ICAO/IATA**  
Not restricted

#### Sea Transportation

**IMDG**  
Not restricted

#### Other Transportation Information

**Labels:** None

### 15. REGULATORY INFORMATION

#### Chemical Inventories

|                                           |                                                            |
|-------------------------------------------|------------------------------------------------------------|
| <b>Australian AICS Inventory</b>          | All components listed on inventory or are exempt.          |
| <b>New Zealand Inventory of Chemicals</b> | This product does not comply with NZIOC                    |
| <b>US TSCA Inventory</b>                  | All components listed on inventory or are exempt.          |
| <b>EINECS Inventory</b>                   | This product, and all its components, complies with EINECS |

**Classification** Not Classified

**Risk Phrases** None

**Safety Phrases** None
